

ONEEDUCATION

SaaS ERP for educational institutions

technology**one**

Partnering for success

“They were the only supplier who could deliver a truly innovative, integrated enterprise SaaS solution.”

Simplify the complex

Changing expectations, global competition and an increased focus on the staff and student experience are driving higher education and vocational institutions to replace their ageing legacy systems.

To support this business transformation, it's critical to have the right Enterprise Resource Planning (ERP) capabilities in place.

Adapt to the changing landscape

TechnologyOne's OneEducation SaaS ERP solution underpins the operational and strategic requirements of Higher Education institutions with a single, integrated enterprise solution.

Leveraging more than 30 years' experience working with leading education providers across the United Kingdom, Australia, and

New Zealand, TechnologyOne is best placed to help institutions adapt to the changing landscape and reduce the administrative burden.

Our global SaaS ERP solution reduces implementation time, cost and risk, and introduces essential anywhere, anytime access to staff and students.

Experience the OneEducation advantage

Manage your institution's critical information with confidence, so you can focus on driving student success.

A solution built for students and educators

A proven practice solution that's specifically designed for education to reduce implementation time, cost and risk.

Intuitive, engaging software

Provide intuitive self-service access for staff and students.

Secure, reliable and scalable

Guarantee the privacy of your data by partnering with Australia's most trusted SaaS ERP provider.

Take a closer look at OneEducation

Over 1.4 million students across 118 campuses are supported by TechnologyOne software.

Our global SaaS ERP solution supports the day-to-day operational, strategic and educational requirements of institutions in a single integrated solution.

ONEEDUCATION

Financial management

General ledger

Track, analyse and report up-to-date financial information from across the organisation with a flexible, integrated multi-ledger and multi-chart of accounts.

Budgeting and forecasting

Deliver unified and integrated driver-based budgeting and forecasting that links to the strategic goals of your institution.

Expense management

Take control of spend, automate expense management and ensure greater policy compliance.

Asset accounting

From acquisition and depreciation to revaluation and disposal, accurately capture, track and report on the lifecycle costs and valuations of your fixed assets.

Project accounting

Manage accurate project budgets and billing throughout project lifecycles and easily review financial performance for any single project.

ONEEDUCATION

Procurement and inventory management

Contract and contractor management

Manage the full contract lifecycle and collaborate with suppliers while strengthening compliance and reducing risk. Keep supplier information and contracts accurate and produce detailed contract KPI and financial reports. Support for all types of contracts including materials, services and construction, both lump sum and schedule of rates.

Source to contract

Identify, evaluate and engage suppliers for all your institution's procurement needs with comprehensive RFX management tools for highly configurable approaches to market.

Procure to pay

Streamline the entire procure-to-pay process by automating requisitioning, authorise, purchasing, receiving and payment processing.

Inventory management

Accurately track and manage your inventory with automated order processing and replenishment and support for multi-location inventory management.

ONEEDUCATION

Human resources and payroll

Organisation management

Optimise workforce planning with visual tools and embedded analytics that provide actionable insights into your current workforce. Identify critical gaps and develop workforce strategies that align with and support your institution's strategic plan.

Employee lifecycle management

Manage the entire employee lifecycle from headcount and cost budgeting and approval through recruitment, onboarding, performance management, learning and succession.

Learning and training

Manage every aspect of your organisation's learning and development programs and easily tailor training plans to each employee's career development and succession plans.

Workforce management

Support a modern workforce and manage all aspects of employment including positions, time and attendance, leave and pay.

Payroll processing

Reduce the time and risk involved in payroll processing by automating the entire process with an integrated payroll solution that

Solution enablers

Business analytics

Analyse operational and strategic information and present this in reports and dashboards using a range of visualisation tools such as charts, tables, word clouds, slicers, media and more.

Business process automation

Build best practice into your everyday processes. Automate simple tasks and sophisticated processes with customisable clocks, workflows and approvals.

Digital forms

Create, streamline and automate the collection of information from suppliers, students, employees and other stakeholders with integrated forms.

Interactions and correspondence

Create a 360-degree view of all student interactions. Simplify your communications with powerful interactions tools that links each correspondence to a student.

Digital branding

Standardise digital stationery across your business to produce recruitment letters and statements seamlessly.

Portals

Provide self-service capabilities for students, academics and staff to access real-time information from anywhere, at any time.

Consulting services

From implementation to transformation, get the consulting services and support you need to ensure continued success.

Work shoulder-to-shoulder with experienced consultants who are aligned to your industry and have instant access to the latest TechnologyOne software. Our consulting team has a proven implementation methodology and track record of project delivery, ensuring a seamless onboarding experience in the lead up to 'go live'— so you can confidently take control of your solution.

Access ongoing consulting services to operate, maintain and optimise your solution. Our Application Managed Services (AMS) team will assign you with a dedicated Service Delivery Manager so you can keep pace with enhancements and leverage a best practice approach.

Support

Access self-help options, collaborate with others, find answers to questions and manage your support cases in our online Customer Community. Our global support teams take a collaborative approach to ensure your success, engaging with you through multiple channels to ensure you receive an exceptional support experience.

Training and resources

Gain the knowledge to succeed and work more efficiently in your day-to-day role. Led by our expert consultants, our training courses will teach you new skills and helpful tips and tricks. You can also access hundreds of online resources via the TechnologyOne University, so you can learn at your own pace.
